

Occupational Therapy Services for your Business

Danielle Reichert, MS, OTR/L

Danielle Reichert is an occupational therapist for Gundersen's Business Development team and completes Advanced Rehab, Ergonomics and Assessments (AREA) for patients and employers within the Gundersen community. Her job duties include performing post-offer employment tests (POETs), job analyses/writing job descriptions, rehabilitation with injured workers to maximize their functional abilities and consulting with business and industry with educational programming and assisting with safety, ergonomic and Workers' Compensation issues.

Danielle has a multifaceted approach to healthcare secondary to her career as an occupational therapist. Through her education and experience she is able to grade and modify the subtasks of each job to increase safety and performance of each employee.

Danielle is able to provide a full range of services including:

- Educational programs including back injury prevention, cumulative trauma disorder prevention, office ergonomics, industrial manufacturing ergonomics and stretching/warm-up programs
- Assist with developing functional job descriptions
- Support with ADA compliance needs
- Ergonomic assessments for all employee types
- Post-offer employment tests (POET)
- Functional Capacity Evaluations (FCE)
- Job site visits
- Periodic job site walkthroughs with individual consultations
- Body mechanics instruction
- On-site Work Rehabilitation Programming
- Various presentations on ergonomics, injury prevention and health/fitness

To learn more about occupational therapy services and/or have Danielle Reichert present a program to your employees, please contact Business Health Services at (608) 775-8700 or (800) 731-4431, ext. 58700.
