

Sport Physicals or comprehensive Well Child exams.

GUNDERSEN TRI-COUNTY CLINICS OFFER BOTH!

What's the difference?

Sport Physicals are provided by appointment for one flat rate of \$38, payable at the time of the service. The service includes a comprehensive health exam, and your WIAA Sports Card will be completed by a healthcare provider.

A Sport Physical does not include immunizations, well child visit, medication refills or lab testing.

A Well Child exam is also by appointment and can be billed to insurance. Most insurance will pay for an annual wellness visit. You should check with your insurance carrier to be sure.

This service includes complete head-to-toe physical, necessary immunizations, lab tests and medication refills if needed. The healthcare provider will also complete your WIAA Sports Card
