

Renew your CPAP prescription

It's time to renew your CPAP prescription, and Gundersen Health System's Sleep Center is making it easier than ever. We now offer E-Visits (online questionnaire) and video visits to save you time and money.

Choose from one of our three renewal options:

1. MyChart E-Visit

Want to skip the parking lot and the waiting room? E-Visit option available one year plus one day from your last sleep appointment. Fill out an online questionnaire in your MyChart account from the comfort of home, at any time that works for you. Your provider will review your CPAP request and respond with a message and prescription in MyChart within one to two business days. No appointment needed. See E-Visit instructions below.

2. MyChart video visit

A scheduled video visit in MyChart lets you connect with your Sleep Center provider from the convenience of your computer or mobile device. Please call our Sleep Center at (608) 775-7378 to schedule a video visit.

3. In-person office visit

If you prefer a traditional office visit, we are happy to arrange that. Please call our Sleep Center at (608) 775-7378 to make an appointment.

How do the prices compare?

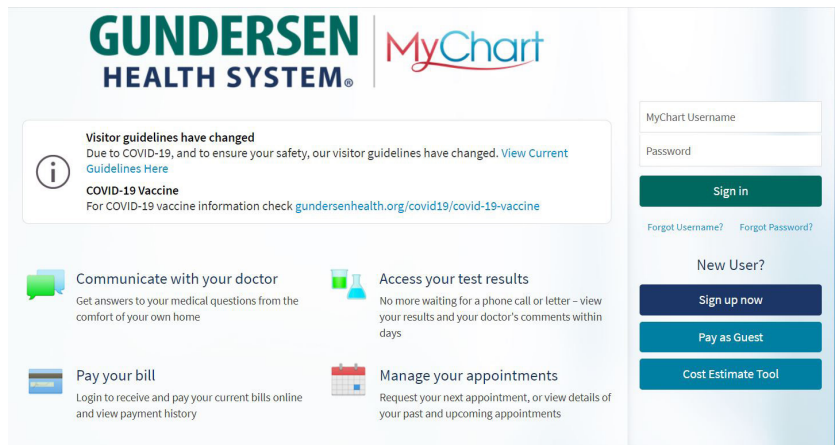

MyChart E-Visits are typically cheaper (\$42) than office visits (\$129+) and scheduled video visits (\$129+). A credit card is needed for a temporary hold until your insurance is processed. The best way to determine your out-of-pocket cost is to contact your insurance company (their contact information is on your insurance card). They can sort through benefits, deductibles, co-pays and other information to determine what you'll need to pay.
