

2022-2024 Gundersen Health System Emergency Medicine PA Fellows

Fellow

Brittany Huspeni, PA

Undergraduate: Michigan State University
Graduate: Dominican University
Fellowship: Gundersen Medical Foundation

"Life is either a daring adventure, or nothing at all." - Helen Keller
I chose Gundersen because of its location, its reputation, and the offering of the EMPA program. Gundersen's EMPA Fellowship is a well-rounded program with great leadership. The whole emergency department seems to be on board with the program and supportive of our learning. I've never met a nicer group of humans! The La Crosse area is a hidden gem. Not only is there plenty to do outdoors, but so many great businesses and community offerings year round.

Katie Meyer, PA

Undergraduate: Viterbo University
Graduate: University of Wisconsin-La Crosse
Fellowship: Gundersen Medical Foundation

I chose Gundersen and the EMPA program here because I like that it is a small program, and the staff are comprised of excellent clinicians dedicated to helping me succeed in the field of EM. La Crosse is a fun town that caters to a lot of different interests, with a few of my favorites being hiking and local restaurants. And as for a quote, I would be remiss if I didn't include one from the greatest show of all time: "I'm not superstitious, but I am a little stitious." - Michael Scott
