

Industrial Prescription Safety Eyewear Program

Comprehensive programs and services for area employers

Gundersen Health System's Industrial Prescription Safety Eyewear Program

- Gundersen Health System offers a full scope of eyecare services including eye exams, safety eyewear, fashion eyewear, contact lenses, medical eyewear and laser vision correction.
- There are 14 Gundersen Eye Clinics located in communities throughout our service region. In addition, we have several affiliate eyecare providers in our safety eyewear network.
- All products meet or exceed the ANSI Z 87.1 requirements for eyewear in the workplace.
- Gundersen Eye Clinics provide professional eyewear dispensing services including frame and lens selection, measurement, ordering, prescription verification and dispensing of your safety eyewear.
- Customized authorization forms are designed to meet the needs of each group participating in our program and can be set to the parameters and allowances that are needed.

Polycarbonate Lens Statement

While no lens is unbreakable, polycarbonate lenses provide the greatest degree of impact resistance of any lens materials currently available. Polycarbonate lenses come with a scratch resistant coating. In addition to superior impact resistance, polycarbonate lenses are approximately 20 percent lighter than plastic lenses and are half the weight of glass lenses. We highly recommend the use of polycarbonate lenses except for those occupational tasks requiring infra-red protection or other special purpose applications. Our policy is to supply polycarbonate lenses for all orders, unless specifically declined by the customer.

For more information on Industrial Prescription Safety Eyewear options, contact Gundersen Business Health (608) 775-8700, or email at businesshealthservices@gundersenhealth.org

Program Format

Our program offerings are built around our Basic Safety Eyewear Package. The basic package offers competitive pricing on a complete program with a comprehensive frame selection. Frame and other material upgrades are available at an additional cost. Below, you will find both a summary of our basic package and upgrade options.

Our Basic Package Includes:

- Polycarbonate, CR-39 Plastic or Glass lenses
- Selection of several frame options
- Permanent or detachable sideshields
- Power range: 8.00D sph to 4.00 cyl
- 10% filter tint
- Eyeglass case
- Oversize lenses if needed
- Scratch resistant coating on polycarbonate and CR-39 plastic lenses
- One year - one time replacement scratch warranty on polycarbonate and CR-39 plastic lenses

Price includes selection, measuring, ordering, verifying, and fitting of eyeglasses by professionally trained staff.
